NICOTINAMIDE ADENINE DINUCLEOTIDE

VITAMIN INJECTIONS

B12 SHOT \$30

This injection can help improve your mood, keep your heart healthy, and provide extra energy.

SUPER HERO \$50

This injection of B12 and B Complex will give you increased energy and mental focus.

GLUTATHIONE \$45

This IV drip promotes healthy skin and hair, helps detoxify the body, brightens skin, and hydrates all at the same time.

TORADOL \$45

Think Ibuprofen, only stronger. Works wonder for swelling and pain.

DECADRON \$45

A corticosteroid used to decrease inflammation. Decadron works by reducing swelling, redness, and itching by suppressing the body's immune system response.

ZOFRAN \$45

Whether you're experiencing nausea associated with a migraine, have a hangover, or are simply sick, Zofran can help relieve you. Zofran (ondansetron) is a medication that helps prevent nausea and the vomiting that can result from an unsettled stomach.

SKINNY B \$55

In addition to B vitamins, this blend includes MIC (Methionine, Inositol, Choline) to accelerate your metabolism and burn calories.

D3 \$30

This vitamin injection helps with bone health, immunity, heart health and has shown to improve mood and symptoms of depression.

TRIPLE DEFENSE (TRI-IMMUNE) \$30

Vitamin C is required for the proper development and function for many parts of the body. It also plays an important role in maintaining proper immune function.

NAD+ *Request Price*

Boost your immune system, promote healthy skin, and banish fatigue and low mood.

LAB WORK

MICRONUTRIENT TESTING \$500

This blood test measures 35 different nutritional compounds to give you a better understanding of your overall health. We measure vitamins, antioxidants, amino acids, metabolites, carbohydrate metabolism, minerals and fatty acids.

TESTOSTERONE REPLACEMENT THERAPY *Request Price*

Low testosterone levels can lead to a wide range of health issues such as fatigue, decreased sex drive, and depression. We provide personalized treatment plans that can help restore testosterone to optimal levels. Clients report improvements in energy, mood, and overall quality of life.

WEIGHT LOSS

MEDICAL CONSULTATION \$150

This 30-minute consultation with one of our medical professionals includes a wellness assessment and recommendations for further promoting overall health.

SEMAGLUTIDE INJECTIONS *Request Price*

GLP-1 receptor agonists work by mimicking the actions of the naturally occurring hormone GLP-1, which helps regulate insulin secretion, suppresses appetite, and promotes a feeling of fullness after meals.

TIRZEPATIDE INJECTIONS *Request Price*

By targeting specific hormonal pathways involved in appetite regulation and metabolism, tirzepatide has demonstrated impressive weight loss results.
